**LOT - 2019 Canada \$25 50th Anniversary of the Apollo 11 Moon Landing Fine Silver (No Tax)**

### Description

**2019 Canada \$25 50th Anniversary of the Apollo 11 Moon Landing Fine Silver (No Tax)**

This 2019 Canada \$25 50th Anniversary of the Apollo 11 Moon Landing Fine Silver (No Tax) features arguably mankind's most iconic scene when Neil Armstrong set foot on the Moon. It should be noted, though, that it's technically Canadian technology that was the first object of Apollo 11 to touch the moon since its lunar module was designed by a Canadian company, Héroux-Devtek.

The coin's design is created by Tony Bianco (reverse) and Susanna Blunt (obverse).

**Quantity:** 1
