**LOT - Heritage Sports Series: Baseball - Fine Silver 2-Coin Set**

### Description

Vintage Sports Glory: Celebrate the sport of baseball with this nostalgic limited edition pure silver coin set.

Treasure our sports heritage; hockey, baseball, golf and curling. These sports are played around the world. In this four part series from the Solomon Islands, each set contains two half-ounce pure silver coins shaped like the equipment needed to play each sport: a hockey stick and puck; a baseball bat and ball; a golf club bag and ball; and a curling stone and broom.

Best known for its popularity in North America, baseball dates back to early 18th century England and evolved from a combination of two other games: rounders and cricket. Since the mid-1800s, Americans have claimed baseball as their own, and it is enjoyed by young and old alike.
