LOT - APPLE AIR PODS MAX

Description

A radically original composition.

The over-ear headphone has been completely reimagined. From cushion to canopy, AirPods Max are designed for an uncompromising fit that creates the optimal acoustic seal for many different head shapes — fully immersing you in every sound.

The **canopy** spanning the headband is made from a breathable knit mesh, distributing weight to reduce on-head pressure.

The **stainless steel frame** is wrapped with a soft-to-the-touch material for a remarkable combination of strength, flexibility and comfort.

Telescoping arms smoothly extend and stay where you set them, for a consistent fit and seal.

The **beautifully anodized aluminum cups** feature a revolutionary mechanism that allows each cup to rotate independently and balance pressure.

A **custom-designed mesh textile** wraps the ear cushions to provide pillow-like softness while listening.

Crafted with acoustically engineered memory foam, the **ear cushions** gently create an immersive seal that is the foundation of incredible sound.

Quantity: 1
